PROFILE SUMMARY

I am a passionate 4th-year Information Technology student at Mahendra College of Engineering with hands-on experience in Java Full Stack and MERN Stack web development gained through internships at multiple companies. I have strong practical and theoretical knowledge of Java, Spring Boot, JDBC, SQL, HTML, CSS, JavaScript, React, Node.js, and MongoDB, with experience in building responsive and scalable web applications. I am eager to grow as a full-stack developer, work on challenging real-world applications, and contribute to innovative development teams.

SKILLS

Programming Languages: Java, JavaScript

Web Technologies: HTML, CSS, JavaScript, Bootstrap

Frameworks & Libraries: Spring, Spring Boot, Hibernate, React.js, Express.js

Backend Technologies: Node.js, Servlets

Databases: MySQL, MongoDB, PostgreSQL

EDUCATION

Mahendra College of Engineering Salem, TamilNadu

Bachelor of Technology in Information Technology (CGPA : 7.75/10.00) (2022-2026)

PROJECTS

Smart Farm X: Designed a smart agriculture web application to monitor farming activities and provide data-driven insights for improved crop management. (MERN STACK)

Transport Management System : Developed a web-based system to help students avoid missing college buses and eliminate delays in receiving important transport-related information. (JAVA FULL STACK)

Passport Automation System: Built a web-based application to replace traditional passport procedures by enabling online user verification and application processing through a secure web portal (MERN STACK)
